

# LEADING A HIGH-PERFORMANCE SPECIALTY PRACTICE

Systems, Culture, and Sustainable Growth

**Presented by:** Manuella Felix Brodfuehrer

<b>Date/Time</b> August 6, 2026	<b>Location</b> La Jolla Conference Center	<b>CE Credit</b> 2 Credits AGD 550
------------------------------------	---	--

## Course Overview

This course provides a practical framework for specialty practice owners and leaders who want to strengthen systems, elevate team culture, and grow strategically. Participants will analyze current operations, clarify leadership expectations, and leave with an actionable roadmap to improve efficiency, patient experience, and profitability.

## Educational Objectives

- Analyze practice systems to identify operational bottlenecks impacting clinical capacity and patient experience.
- Implement a leadership huddle structure that aligns teams around metrics and patient-care priorities.
- Develop a SMART action plan to improve KPIs such as case acceptance, schedule utilization, or referral retention.

## Teaching Method

Live lecture with guided worksheets and small-group discussion.

## Target Audience

Oral surgery and specialty practice owners, administrators, and emerging leaders.

## Tuition

### Complimentary Registration
